Woodlawn **eco**

ECO BIO-ACETATE COLLECTION FROM GARRETT LEIGHT CALIFORNIA OPTICAL

We've brought back a slightly larger version of our popular Liberty silhouette, now designed with eco-acetate along the inside Windsor frame front, as well as on the temple tips for enhanced comfort. Architectural and minimalist, Woodlawn's semi-hexagonal lines are an exercise in bold simplicity. Made from our new bio-based eco-acetate, it also features distinctive raised rivet pins along the endpieces—a signature of our eco-line.

SUN

Broadway

The Broadway offers an updated wayfarer style with some throwback putting-green inspiration. Designed with contoured temples to mimic '50s car fins, its dimensions are slightly larger than its predecessors. Finished with new water-drop plaques along the endpieces and semi-flat lenses, the mirrored options feature an innovative layered technique, so the reflective coating isn't exposed to scratches or fingerprints.

Holly

The Holly pairs smooth lines with modern angles, executed in perfect balance. Reminiscent of popular '90s styles, a grooved eyewire adds a textural element to the otherwise minimal frame, letting the geometric shape take center stage. Finished with spring hinges, lenses made from biodegradable eco-acetate, and adjustable nose pads, it also features acetate temple tips for extra comfort.
